One-move checkmate exercise

In each diagram below, it is white’s turn to move, and white can checkmate black in exactly one move. Find that move and write it in chess notation under the board. There may be more than one solution! Then have a coach check your answers.

Qe5     Bc4    Nf4 not Nxc5
Bf5 – too cool!         Nd6 or Nf6         B f5 or Qc8
c8 = N (promotion)     Nxf7 (fork too!)    Bd6
